Sport, Race, and Ethnicity: Narratives of Difference and Diversity (Sport & Global Cultures) Paperback – May 16, 2011
by Daryl Adair (Editor)

This provocative collection brings together some of the leading historians, sociologists, political scientists, and cultural theorists on an ambitious range of topics dealing with sport, diversity and difference. The book is both diverse and inclusive, for it considers race, ethnicity and aboriginality in tandem; too often these themes are segmented into separate studies. The collection features vibrant examples from different eras, places and spaces - wherein co-themes like post-colonialism, gender and media representation are embedded.

Outcasts United: The Story of a Refugee Soccer Team That Changed a Town Paperback – September 10, 2013
by Warren St. John (Author)

Based on the adult bestseller, Outcasts United: An American Town, a Refugee Team, and One Woman's Quest to Make a Difference, this young people's edition is a complex and inspirational story about the Fugees, a youth soccer team made up of diverse refugees from around the world, and their formidable female coach, Luma Mufleh. Clarkston, Georgia, was a typical southern town until it became a refugee resettlement center. The author explores how the community changed with the influx of refugees and how the dedication of Luma Mufleh and the entire Fugees soccer team inspired an entire community.

The Control of Black Expression in American Sport and Society Kindle Edition
by Vernon Andrews (Author)

The manuscript is the culmination of two decades of athlete interviews and surveys on the politics of "appropriate" sports behavior, rules committees, why Black and White athletes behave the way they do on the field, and five decades of observing sports in places as varied as Oakland to New Zealand, Australia, Scotland and Wales. This study centers on culture-centered celebration behavior – Muhammad Ali's swagger as the mold for Black style – and the struggles over ever-constricting NFL/NCAA rules on celebration (with humility as the White norm) and racial resistance over the years.

Sport in a Changing World

by Howard L. Nixon (Author)

In a stressful, turbulent world, sports can be an escape from reality. Yet sport actually mirrors the issues and problems of our world today, bearing the imprint of powerful forces of social change. This book offers a sociological perspective for seeing and understanding the place of sport in society and how it is affected by big business and by demographic, cultural, organizational, economic, political, and technological change. Nixon's main focus is "big-time" commercialized and corporate sport, from Little League Baseball, Inc. to youth club sports, high school and college athletics, and professional and Olympic sports. He writes vividly of the making and unmaking of heroes and celebrities. Throughout he shows how the combined influence of networks of major sports organizations, media corporations, and corporate sponsors is shaping sport around the world.

Silent Gesture: The Autobiography of Tommie Smith (Sporting) Paperback – May 28, 2008

by Tommie Smith (Author), Delois Smith (Author), David Steele (Author) * **David Steele is featured in this issue of DyNAMC.**

Tommie Smith raised his black-gloved right fist after receiving the 200-meter gold medal at the 1968 Mexico City Olympics. The picture of that moment is one of the most enduring sports images of the twentieth century. Nearly 40 years later, he details what the gesture symbolized for him and reveals what his life has been since. We learn that, in Smith's mind, the raised glove was not a Black Power salute. We also learn that he was terrified he'd be shot while on the podium or afterward, a fear that left his life with a lingering undercurrent of paranoia. Along with reflections on the significance of the raised hand, Smith and coauthor Steele deliver a straightforward autobiography. Still, Smith is an important figure in the history of American sports, and deserves a forum to tell his story his way. Wes Lukowsky. Copyright © American Library Association.

Four Generations of Color by Miles McAfee (Author)

With all that has been said and written about the way African Americans have altered the landscape in sports, it has still only scratched the surface. The true, lasting effect of the discrimination they have faced is finally unveiled by a man who is not in baseball's Hall of Fame, but who has played with, coached, scouted and represented athletes of all colors at every level of the national pastime for more than half a century.
